

Miscellaneous

Electronic Communications

By creating an account, submitting information, making a reservation, listing a charger, or otherwise using the BubbleCharge Platform, you consent to receive communications electronically.

BubbleCharge may provide confirmations, notices, disclosures, reminders, receipts, security alerts, verification requests, legal notices, policy updates, support communications, reservation updates, payment notifications, and other communications through email, SMS, platform notifications, mobile notifications, or other electronic means.

Electronic communications shall satisfy any legal requirement that such communications be provided in writing to the extent permitted by applicable law.

SMS and Mobile Communications

Users who provide a mobile telephone number authorize BubbleCharge to send transactional and operational SMS messages relating to account activity, reservations, verification requests, security notifications, payment activity, customer support matters, and platform operations.

Message delivery depends upon mobile carriers, device availability, network conditions, and other factors beyond BubbleCharge's control. BubbleCharge does not guarantee delivery, timing, or receipt of SMS messages and shall not be responsible for delays, failed deliveries, or carrier-related issues.

Standard message and data rates may apply.

Mapping and Location Services

The BubbleCharge Platform may utilize mapping, geolocation, routing, and location-based services provided by third parties, including Mapbox and other service providers.

Map information, routing information, geographic data, property boundaries, addresses, travel estimates, and location information may be incomplete, inaccurate, delayed, or unavailable.

Users acknowledge that mapping information is provided solely for convenience and that users remain responsible for independently verifying charger locations, access instructions, addresses, parking arrangements, and travel routes before traveling to a charging location.

BubbleCharge does not guarantee the accuracy, completeness, availability, or suitability of any mapping or location-related information displayed on the Platform.

Location Information

To provide platform functionality, BubbleCharge may collect, process, store, and use location-related information, including precise location information, approximate location information, charger locations, reservation locations, and search locations.

Location information may be used for:

- Matching Hosts and Finders;
- Displaying nearby charging options;
- Reservation functionality;
- Fraud prevention;
- Security purposes;
- Customer support;
- Platform improvements;
- Compliance obligations.

The collection and use of location information shall be governed by the BubbleCharge Privacy Policy.

Third-Party Services

The BubbleCharge Platform may integrate with or rely upon third-party providers for services including payments, identity verification, mapping, messaging, cloud hosting, analytics, authentication, fraud prevention, tax services, and communications.

BubbleCharge does not control and is not responsible for the products, services, actions, omissions, performance, availability, security, policies, or practices of third-party providers.

The availability of certain Platform features may depend on third-party services that are outside BubbleCharge's control.

Interruptions, outages, delays, inaccuracies, errors, or service failures involving third-party providers shall not constitute a breach of these Terms by BubbleCharge.

Relationship of the Parties

Nothing contained in these Terms shall be construed as creating an employment relationship, partnership, joint venture, franchise relationship, fiduciary relationship, or agency relationship between BubbleCharge and any user.

Hosts operate independently and are solely responsible for the charging services they make available through the Platform.

Finders independently determine whether to request and utilize charging services.

Except where expressly stated otherwise, BubbleCharge acts solely as a technology marketplace that facilitates connections between users.

Entire Agreement

These Terms, together with all policies, standards, guidelines, notices, and supplemental agreements incorporated by reference, constitute the complete and exclusive agreement between BubbleCharge and the user regarding the use of the Platform.

They supersede all prior or contemporaneous communications, understandings, representations, discussions, and agreements relating to the same subject matter.

Severability

If any provision of these Terms is determined to be invalid, unlawful, or unenforceable by a court or governmental authority of competent jurisdiction, that provision shall be enforced to the maximum extent permitted by law and the remaining provisions shall remain in full force and effect.

No Waiver

The failure of BubbleCharge to enforce any provision of these Terms shall not constitute a waiver of that provision or any other provision.

Any waiver shall be effective only if made in writing by an authorized representative of BubbleCharge.

Assignment

Users may not assign, transfer, delegate, or otherwise transfer any rights or obligations arising under these Terms without BubbleCharge's prior written consent.

BubbleCharge may assign, transfer, or delegate its rights and obligations under these Terms in connection with a merger, acquisition, corporate reorganization, financing transaction, sale of assets, or similar business transaction.

Survival

Any provisions that by their nature should survive termination of these Terms shall survive termination, including provisions relating to payments, taxes, refunds, indemnification, limitations of liability, intellectual property, investigations, enforcement actions, dispute resolution, and legal compliance.

Language

These Terms are drafted in the English language. Any translation is provided for convenience only. To the extent permitted by applicable law, the English version shall govern in the event of any inconsistency between translated versions.

Force Majeure

BubbleCharge shall not be liable for any delay, interruption, failure, or inability to perform resulting from causes beyond its reasonable control, including natural disasters, severe weather, utility outages, electrical grid failures, internet disruptions, cyberattacks, governmental actions, labor disputes, public emergencies, war, civil unrest, or failures of third-party service providers.

Interpretation

Headings are provided for convenience only and shall not affect interpretation of these Terms.

The words "including," "include," and similar expressions shall be interpreted to mean "including without limitation."

References to policies include future amendments to those policies unless otherwise stated.
